

uchiEvents

*Don't let your event's end
be the end.*

Continue the conversations.

Event attendees value content & networking. Unfortunately, when an event ends, both drop off a cliff! **uchiEvents** improves the post-event experience.

- Lead private conversations specific to your event's subject matter.
- Facilitate deeper, small-group discussions among attendees.
- Increase value by creating two-way, post-event engagement.
